**DTI's CEO Receives the National Mentor of the Year Award at Minority Access, Inc. 19<sup>th</sup> National Role Model Conference**

This Fall, the CEO (Winston Delattiboudere) of Delmock Technologies, Inc. (DTI) was bestowed with the Research (corporation, mentor, leader, administrator and/or visionary) National Mentor of the Year Award. The Award is given to Researcher who have distinguished themselves by making significant contributions to the field of biomedical or scientific research. Minority Access has honored nearly 400 individuals over the past fourteen years; Each one of the individuals has an inspiring story, often including overcoming difficult obstacles to achieve. This award has been given to many honorable and great individuals like: *Attorney General Eric Holder, Jr., Dr. Antonio Novella, Dr. Earl Richardson, Dr. John Ruffin, The Honorable Ermea J. Russell, Dr. Blue Spruce, Dr. Benjamin Carson, Dr. Clive, Dr. Donna Christen Christensen, Dr. Elda Sanchez, Dr. Louis Sullivan, and Dr. Laura A. Williams to name a few.*

*That it is why it comes with no surprise to Dr. Timothy Akers; Assistant Vice President for Research Innovation and Advocacy Professor of Public Health Morgan State University Division of Research and Economic Development nominated Winston with comments like "Winston is the model employer and citizen; a gateway to array of opportunities and knowledge. As a compassionate individual, he always has an open ear to listen to people's problems and give sound advice. He pushes people to see the positive outcomes and values of life rather than negative outlooks we tend to gravitate towards. Without judgement, he always willing to give people an opportunity to prove them self within his company and expects nothing less than excellence with no excuses."*

Winston spearheads community IT health projects focused on young people and provides employment opportunities. DTI hires, host programs, and does volunteer works with at-risk youth (K-12, college, and the homeless). They collaborated with Digital All System Inc & Juxtopia Urban Innovative Cooperative Entrepreneur Club to train and certify Baltimore City residents in technology and identified job placement and apprentice opportunities within DTI. As well as, hire HUBZone high school students, who are on our workforce track program which leads to full time employment after graduation. He works with Morgan State University, Bowie State University, Coppin State University, and grassroot organizations to leverage their respective IT strengths in the Health Industry. Winston currently volunteers with The House DC to transform and empower the lives of inner-city youth and their families through Christ by giving them hope, a productive future, and a changed community. He also volunteers at Young Men Enlighten Young Men Manners to teach young men leadership skills through business, innovation and technology. In Addition, he currently is working with the Jamaican American Association to help give Jamaican youth and young adults here and abroad the opportunity to learn advance IT skills and place them in internships.

Mr. Delattiboudere is truly honored and humbled to have been recognized for such an award of that magnitude he reminded the audience, *"it's not about me, but about the support I have received from the entire DTI. Our motivation has lent us the arm to say we embrace and do what we can to infuse and encourage the youth and inspire other members within our community."*
