## **The Nation's 8<sup>th</sup> Largest Water Utility Organization Awarded Delmock Technologies, Inc. an IT Management Support Contract**

The Washington Suburban Sanitary Commission (WSSC) reviewed and evaluated over 100 proposals in order to select Delmock Technologies, Inc. (DTI) for a spot on the coveted Technology & Consulting and Technical Services (IT & CATS) Contract. The vehicle is valued at \$45 million dollars. DTI's contract will cover six (6) functional areas: Program Management Office; Application/Software Engineering; Service Desk Support; Enterprise Architecture and New Technologies; Information Security; Documentation and Technical Writing.

CEO and President, Winston DeLattiboudere shares, "This win opens up so many opportunities in the Utilities Industry, furthermore, I look forward to delivering WSSC our award-winning IT services on this contract." Additionally, DTI's Chief Strategy Officer, Tony Jones, will be returning to WSSC as the company's Project Manager for this contract; a place where he spent 4-years as Commissioner (from 2009-2013), representing Prince George's County. He will bring to bear his customer intimacy along with DTI's IT expertise to assist WSSC in its quest to be recognized nationally as a world class provider of high-quality water and wastewater services.

### **About Delmock Technologies, Inc. (DTI)**

DTI is a Baltimore based, HUBZone company which is ISO 9009-2015, CMMI Level III certified in both Development and Services. They have been awarded Community Services Award for Outstanding Service by American Public Health Association (APHA) and Morgan State University's Award for Research Innovation and Engagement Award. It has garnered a reputation for delivering exceptional service with their mantra being "*Growth through Customer Satisfaction*". DTI has provided exceptional support to the federal and local government for over 15 years. They provide Program Management, Business Process, Knowledge Management, Technical Infrastructure Support, Application Development/Integration, and Cyber Security/Information Assurance services. ### **About Washington Suburban Sanitary Commission (WSSC)**

WSSC celebrates its Centennial having been established on May 1, 1918. They are currently among the largest water and wastewater utilities in the nation, with a network of nearly 5,742 miles of fresh water pipeline and over 5,546 miles of sewer pipeline. WSSC's service area spans nearly 1,000 square miles in Prince George's and Montgomery counties, and they serve 1.8 million residents through approximately 475,000 customer accounts. WSSC's drinking water has always met or exceeded federal standards. [www.wsscwater.com](http://www.wsscwater.com)
